PETE

~ Venue MAY need to provide SIX chairs for performers depending on show type (acoustic vs. electric)
 ~ All microphone stands need booms ~ Some of the performers prefer to use their own microphones (SM58 beta or Heil PR22)
 ~Pete's instrument microphone should be an SM57 or better (acoustic show)
 ~Performers will use amplifiers for all instruments (band show - depends on venue - please verify this with band)
 ~ Some of the performers have their own direct boxes, but venue should be prepared to provide
 ~AC power drops are needed for amplifiers and keyboard ~ Need bottled water and towels for each performer
 ~Some monitors MAY be combined if venue does not have sufficient mixes or wedges-please consult
ANY QUESTIONS PLEASE CONTACT - JOHN FUZEK: mobile: 401-261-3953 • e-mail: johnfuzek@netzero.net
